

CHAPTER 8.0 **LIST OF PREPARERS**

8.1 LIST OF PREPARERS

As required by Federal Aviation Administration (FAA) Order 5050.4B, the names and qualifications of the principal persons contributing information to this Draft Environmental Impact Statement (DEIS) are identified. It should be noted that in accordance with Section 1502.6 of the Council on Environmental Quality (CEQ) regulations the efforts of an interdisciplinary team, consisting of technicians and experts in various fields, were required to accomplish this study. Specialists involved in this DEIS included those in such fields as noise modeling, air quality, historic/archaeological resources, biology, water resources, and other disciplines.

FEDERAL AVIATION ADMINISTRATION – LEAD FEDERAL AGENCY

Lindy McDowell – FAA Environmental Program Specialist. B.S. Aquatic Biology, 17 years of experience. Responsible for management of the EIS, implementation of the Public Involvement Program, coordination with resource agencies and the PBC DOA, and supervision of the EIS Team.

Bart Vernace, PE – FAA Airport District Office Assistant Manager. B.S. Civil Engineering, MBA Management, 26 years of experience. Responsible for management of airport planning, environmental, and development projects. Primarily responsible for management oversight of the environmental analysis and documentation.

Jackie Sweatt-Essick – FAA Environmental Program Manager. B.S. Community Development, Masters of City Planning (MCP), 23 years of experience. Responsible for the managing the FAA's Southern Region's environmental and airport noise programs.

M. Thomas Bennett – Environmental Protection Specialist, National Planning and Environmental Division. B.A. History, 34 years of experience. Responsible for strategic direction, project team consultation, and document review.

Julie Unland – Environmental Protection Specialist. B.S. Wildlife Biology, M.S. Environmental Science, 4 years of experience. Responsible for assistance with strategic direction, project team consultation, and document review.

URS CORPORATION - PRIME CONSULTANT

Allan Nagy – Project Manager. B.S. Marine Biology/Chemistry, 28 years of experience in environmental assessment and impact analysis. Responsibilities include overall EIS project management, EIS Team coordination, environmental and aviation planning, public involvement program implementation, and coordination with the PBC DOA.

Peter Green, AICP – Deputy Project Manager. B.S. Environmental Resource Management and Planning, M.P.A. Public Administration/Coastal Zone Studies, 19 years experience. Responsibilities

include project management and coordination, environmental and aviation planning, public involvement program coordination, document production, QA/QC management, and technical writing.

Deborah Murphy Lagos – Airport and Aircraft Noise Specialist, B.S. Ocean Engineering, M.S. Engineering, 22 years of experience. Responsible for technical management of aircraft noise and compatible land use analysis, including supplemental noise analysis and vibration analysis.

Michael Thompson, AICP – B.S. Air Commerce, MBA, 21 years experience. Senior Airport Planner. Assisted in Purpose and Need and Alternatives analysis.

Daniel Botto – Airport Environmental Planner. B.S. Aviation Business Administration, 9 years of experience. Responsible for noise modeling, noise impact analysis, and technical writing.

Autumn Young – Airport Environmental Planner/Noise Analyst. B.S. Aviation Business Administration, M.S. Aeronautics, 3 years of experience. Responsible for noise modeling, noise impact analysis, and technical writing.

Ron Reeves – Sr. Project Scientist. B.S. Information Systems, Naval Aviator, Licensed Commercial Pilot, 17 years of experience. Responsible for radar data acquisition, aircraft operations analysis, existing runway use, existing fleet mix, and flight profile development for Integrated Noise Model inputs.

Fred Bankert – Senior Airport Environmental Planner. B.S. Industrial Engineering, M.S. Management, 39 years of experience in environmental planning, facility planning, acquisition and management, and program management. Responsibilities include noise impact analysis and technical writing.

Marvin Brown – Senior Architectural Historian and Historian. B.A. and M.A. American Civilization, J.D. Law, 26 years experience. Responsible for historic and architectural-historic evaluation and Section 106 coordination.

Daniel Cassedy – Archaeologist. Ph.D., M.A., and B.A. in Anthropology, 28 years of experience. Responsible for archaeological evaluation and technical writing.

Mark Easley – Senior Environmental Scientist. B.S. Biology, 24 years of experience. Responsibilities include oversight of wetlands and protected species evaluations and quality assurance of biological studies.

Kevin M. Connor – Senior Environmental Scientist. B.S. Biology, M.S. Zoology, 13 years of experience. Responsibilities include habitat mapping, ecological/biotics evaluations, and technical writing.

Robert Johnson, PE – Project Engineer. B.S. Environmental Engineering, 26 years of experience. Responsibilities include evaluation of water quality impacts and floodplain impacts.

Domingo Noriega, PE – Traffic Engineer. B.S. Civil Engineering, 24 years of experience. Responsible for surface transportation analysis including existing and future levels of service and travel demand forecasting.

Russell Forrest – Senior GIS Analyst. B.A. Zoology, M.S. Environmental Engineering, 22 years of experience in GIS analysis. Responsible for GIS analysis and land use mapping.

Dale Edgar – GIS Analyst. B.A. Geography, 5 years of experience. Responsibilities include GIS mapping, database development, and data analysis.

Graydon Tomb – Airport Environmental Planner. B.S. Aviation Management, 1 year of experience. Assisted with noise, air quality, land use, and vegetation data collection, and processing, and assistance with Section 4(f)/6(f) data collection.

Paul Behrens – QA/QC Manager. MS Biology, B.S. Marine Science, 29 years of experience in environmental assessment and impact analyses. Responsible for quality assurance/quality control.

Stephanie Faulkner – Document Coordinator / Technical Editor. B.A. English, 6 years of experience. Responsible for the overall document coordination including reviewing, organizing, and editing project materials for publication.

Lindsay Harrod – Technical Editor. 5 years of experience. Responsible for the overall document coordination including reviewing, organizing, and editing project materials for publication.

DONOVAN CONSULTING GROUP, INC. – SUBCONSULTANT

Deborah Donovan – Meeting Facilitator. B.S. Community Recreation Management, 29 years of experience in public- and private-sector stakeholder relations services. Responsible for focus group facilitation.

EMERGE CONSULTING, INC. – SUBCONSULTANT

Tammy Thomas-Anthony – Project Research Analyst. MBA Business Administration, 20 years of experience. Responsible for socioeconomic impact analyses.

Milagros Radzikhovskiy – Project Biologist / NEPA Analyst. B.S. Biology, 31 years of experience. Responsible for land use, socio-economics, demography, environmental justice, children's health, coastal barrier resources assessments, and technical writing.

Raj Kamthe – Project Biologist / Analyst. B.S. Biology, M.S. Environmental Sciences, 9 years of experience. Responsible for hazardous materials assessment, land use, permitting assessment, GIS data and mapping, and technical writing.

KB ENVIRONMENTAL SERVICES – SUBCONSULTANT

Michael Kenney – Air Quality Scientist. B.A. Environmental Science, M.S. Environmental Engineering Science, 27 years of experience. Responsible for air quality impact assessment and interpretation and presentation of air quality and soot assessment results.

Michael Ratte – Air Quality Specialist. B.S. Meteorology, 15 years of experience. Responsible for air quality modeling.

L.B. LIMITED & ASSOCIATES – SUBCONSULTANT

Bruce N. Lewis – Public Involvement Consultant. BSEE, 12 years of experience. Responsible for public involvement program, including public outreach, notifications, print ads, display ads, public announcements, coordination, and scheduling of project and public meetings.

TRANSOLUTIONS, LLC – SUBCONSULTANT

Belinda Hargrove – Capacity / Delay Simulation Lead. B.S. Mathematics, M.S. Operations Research, 20 years experience. Responsible for airfield capacity / delay analyses (SIMMOD).

Scott Swann – Simulation Analyst. B.B.A Business Analysis, M.S. Operations Research, 10 years of experience. Responsible for simulation modeling (SIMMOD) of alternatives to assess and quantify operational benefits / delays.
