Dear Ms. McDowell:

I am writing to you on behalf of many of my constituents who live near the Palm Beach International Airport in Palm Beach, Florida. I understand that the nearby communities have requested an extension of the public scoping period.

I had written an earlier letter asking that you have the residents at the table during this entire process and allow them to ask you questions as well as voice their concerns. It is their belief that in order for all of the impacted residents to be properly educated on this matter, an additional 90 days be given for the information to filter to all local residents.

I would appreciate your response to this request and thank you in advance for your help.

Very truly yours,

Ron Klein
